Producer Spotlight

In keeping with the team's philosophy of supporting local producers, we have hand selected what we consider to be some of the best and most interesting wines from two of the finest vineyards in the Granite Belt on the Southern Queensland border for you to experience.

The Region's elevation, soil type and cool climate lend it to growing exceptional Spanish, French and Italian grape varieties which thrive in their latitudinal equivalent in the northern hemisphere.

All are fantastic 'food wines', and we have matched each of them with our main courses should you wish to pair them for a taste of Queensland, both in the glass and on the plate.
